**WHO
WE ARE**

We CULTIVATE YOUTH and COMMUNITIES through SKATEBOARDING

OUR MISSION

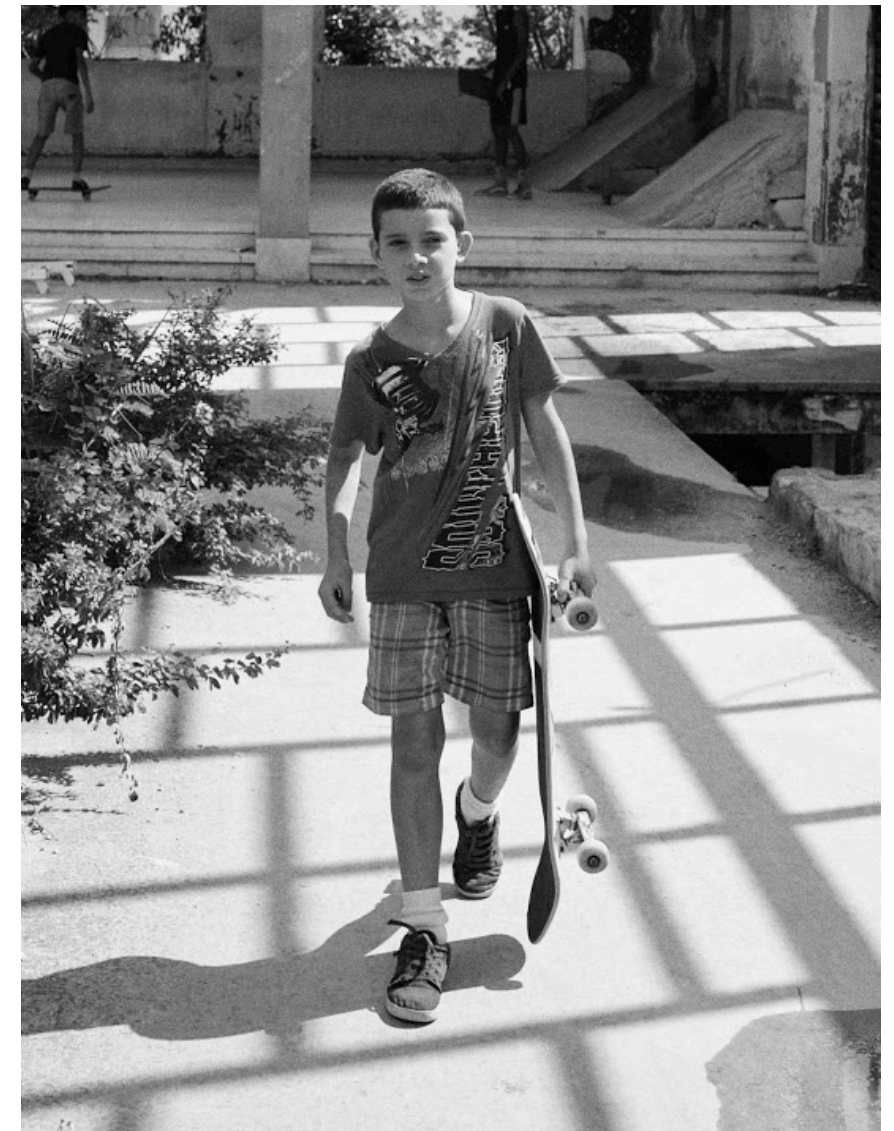

Support the evolution of skateboarding in Cuba,

Build local communities and international connections, and

Cultivate youth through sport

The ORGANIZATION

Cuba Skate is a 501c3 nonprofit organization based in Washington, D.C., Los Angeles and Havana, Cuba. We operate in compliance with the American and Cuban governments and maintain unique permissions with the U.S. State Department to fund and operate humanitarian programs in Cuba.

SKATEBOARDING IS A POWERFUL FORCE

The START

In 2010, our founder fell in love with Cuba while studying abroad in Havana and built a tight-knit family of skaters that had limited supplies. With each visit, he would bring back more gear and our programs have continued to grow and evolve...

Our THEORY of CHANGE

Skateboarding brings together community and develops individuals. It is a unique way to engage youth and bring people together at the intersection of sport, culture, and transportation. Through our programs, Cuba Skate develops a new generation of leaders that are better equipped to tackle challenges in their own lives and connect their local and global communities.
